PROFILE

Detail-oriented Software Developer with hands-on experience in building full-stack web applications. Skilled in modern frameworks, API integration, and responsive design. Passionate about writing clean, efficient code and delivering user-focused solutions in dynamic team environments.

EXPERIENCE

Software Developer

ThyWeb Development Inc. | Mar 2022 – Present

- Developed full-stack web apps using React.js and Laravel
- Built and customized WordPress themes/plugins with API integration
- Optimized performance (+40%) through code minification, lazy loading, Dockerization
- Collaborated with designers and content teams to launch client websites
- Managed codebases with Git, handled pull requests and CI/CD workflows
- Migrated databases (PostgreSQL to MariaDB) for seamless backend transitions

Office Staff

RISM Builders & Construction Serv. Inc. | 2019 – 2022

- Managed documents, billing, payroll encoding, and bidding documentation

Projects

- **AI Chat App:** Laravel + React, GPT-3 integration, secure sessions, Dockerized
- **Portfolio Website:** Custom WordPress theme, SEO, blog with pagination
- **Photoshop Plugins:** Automated tools via UXP/CEP, streamlined designer workflows
- **Hotel Management System:** Laravel + Vue, booking, billing, role-based access
